

Find out more on how to celebrate The Tour of Britain!

Looking forward to embracing the Tour of Britain returning this September?

Ahead of the big day we have a Find Out More session so you can start to plan how your community will celebrate!

It's the perfect opportunity to showcase your town or village as some of the world's most famous cyclists race through in a mass of noise, colour and fun all live on ITV4, building on the wonderful efforts of your communities for the 2018 race!

The Find Out More session will take place [Virtually on Teams](#), **Wednesday June 8, 7.30pm-8.30pm.**

An in-person event previously advertised for May 25 has now been cancelled and all are now invited to attend this single find out session.

It will be a chance for you to hear more on:

- The route through your community and approximate timings and how to inform residents of the rolling road closures
- How to plan celebrations and have chance to start assessing potential items you can purchase through our external suppliers for common items such as bunting, flags and banners
- How to make the most of showcasing the efforts your councils, groups and individuals invest in celebrating the race
- An insight into how business owners on or near the route can join in the celebrations before or on the day

Tour Of Britain September 8th 2022

- Information on the County Council's Best Dressed Town or Village and land and water art competitions

Please look out for an accompanying email circulated to Parish Clerks and local councillors earlier today on the event and how to confirm attendance and publicise to interested groups and individuals in your communities.
