

## Progress continues on new Rushcliffe Oaks crematorium

Progress is continuing on the new Rushcliffe Oaks crematorium with the creation of a modern contemporary building and community space in Stragglethorpe near Cotgrave focussing on reflecting a connection back to nature and wildlife.

The crematorium will be operated by ourselves with service times between the hours of 9.30am to 4.30pm, Monday to Friday.

We anticipate the facility will open later this year following a discovery day earlier this month that saw residents and businesses have the chance have their questions answered.

It was also an opportunity to suggest names for its chapel and to complete a survey on memorialisation features at the site.

The latest information is available at by emailing [info@rushcliffeoaks.co.uk](mailto:info@rushcliffeoaks.co.uk) or on its dedicated Facebook page - simply search Rushcliffe Oaks.

Partners met on site this week to view the latest progress as the main building's structure continues to take shape.
