

Gamston roundabout overnight road closures continue until April 5

Highways England have confirmed they are in the final stage of work on the A52 at Gamston roundabout junction improvement scheme.

Further overnight closures will take place from February 6 until April 5, subject to adverse weather conditions or other unforeseen events. The closures will see the final road surface, road markings and installation of traffic signals before opening the junction for traffic.

The closures will be in force from the following points around the Gamston roundabout:

- Heading east, on the A6011 Radcliffe Road at its junction with Ambleside.
- Heading north on the A52 Lings Bar Road, from the Tollerton Lane junction onwards.
- Heading west on the A52 Radcliffe Road, from the Stragglethorpe Road junction onwards.

The closure will begin at 8pm each evening and the carriageway will be re-opened by 6am the following morning at the latest with advanced warning signs on the road ahead of all road closures.
